2. Holden-Templeton Trail
3. Templeton-Fairmont Trail
4. Mallory Brook Trail
5. Sparrow Farm-Montpelier Trail
6. Karen Clark Trail

(Segments in Planning Stages)

To Montp. Rec Field

Revised 10/12/2016
1. **Town Forest-County Road-Peck Farm Trail** - 2-2½ miles - Haggett Rd or County Rd to Templeton Rd
   - **Access A**: Park at Town Forest pull-off on right side of Haggett Rd - 3/4 mile from Country Rd
   - **Access B**: Park in marked Parking Area east of Fire Station on Templeton Rd. Don’t park on road, or block access to Fire Station.

   Varied, gently rolling terrain with woodlands, beaver pond, farm lanes, and a recently logged spur to County Rd. Parts of this branching trail can be tricky to follow so watch for signs. County Rd parking is in the works!

2. **Holden-Templeton Trail** - 1½ miles - Templeton Rd to Center Rd
   - **See Access B Above**: Go east 1000 ft along Templeton Rd with Chapell Pond on your left. Trail follows the next driveway on right up the hill and enters the woods at the top of the hill on the right as driveway turns towards Janet’s house.
   - **Access C**: Parking (except in winter) for 3 or so cars at trailhead on west side of Center Rd just south of Templeton Farm.

   This is a delightful trail and you will enjoy woodlands, fields, mountain views and gently rolling terrain. This trail is not open to bicycles, according to the wishes of a landowner.

3. **Templeton-Fairmont Trail** - 2 miles - Center Rd to Dodge Rd
   - **See Access C Above**: Walk south along narrow and scenic Center Rd 1000 feet until the trail leaves the road to the left.
   - **Access D**: Parking for a few cars in marked Parking Area off Dodge Rd ¾ mile west of the 4 Corners School.

   This lovely and varied section has panoramic views across farm fields to the east. There is a steep section near a sugar woods, and a beautiful, but damp section.

4. **Mallory Brook Trail** - 1½ miles - Johnson Rd to Cherry Tree Hill Rd
   - **Access E**: Limited parking at the end of Johnson Rd. Cross the brook and follow the up-and-down trail before joining the north-south Minister Rd (class 4) which runs from Brazier Rd to Cherry Tree Hill Rd. You can continue across Minister Rd to the final out and back extension of Mallory Brook Trail, or turn left to continue down to Cherry Tree Hill Rd. The amazing trail contains stone steps and cedar bridges in the style of higher elevation trail systems in the state and national forests, right in our back yard.
   - **Access F**: There is parking for a number of cars in a parking lot off Cherry Tree Hill.

   Terrain and wet conditions mean trail is not suitable for biking.

5. **Karen Clark Trail** - Wheeler Rd to U-32 High School system. This trail is a proposed link to Cross Vermont Trail.
   - **Access G**: There is a pull off for a few cars near the trail head at the junction of Schoolhouse Rd and Wheeler Rd.

6. **Sparrow Farm - Montpelier Trail** - 3 ½ miles - Sparrow Farm Rd to Montpelier Rec Field
   - **Access H**: Limited parking south side of Sparrow Farm Rd south of Jacobs Rd intersection.
   - **Access I**: Montpelier Rec Field. See Montpelier Rec Dept for map of this end.

   Trail is flat at upper end near Sparrow Farm’s fields, but quite steep lower down, through lovely old growth Hemlock.
